TYRE DAMAGE? HI-Q NELSPRUIT HAS THE PERFECT SOLUTION FOR YOU

MBOMBELA - Every motorist's worst nightmare is hitting a pothole and damaging the tyres while travelling on our roads. The frustration that comes with having the damaged tyre repaired is an endless headache, not to mention sourcing a reliable service provider.

Hi-Q Nelspruit, at 43 Rapid Street, Riverside Industrial Park, has just the solution for you. They have a solid 15 years' experience in the industry and owner, Gary Friend pointed out, "Our DNA is customer service, keeping up with the latest developments in the industry and setting the benchmark for quality workmanship."

Hi-Q offers tyres, wheels, mag rims, batteries, brakes, shocks, bull bars, tow bars and roll bars and was one of the first to provide insurance cover on tyres for 4X4s and bakkies. This latest addition to the range of services offers customers free tyre insurance.

Friend said, "This means that in the event of irreparable damage to the tyre, the customer can submit a claim at any of the 130 Hi-Q centres nationwide." The hassle-free claims process takes

on average 20 minutes and he added that the fastest claim was honoured in two minutes after a customer's tyre was damaged while leaving the tyre fitment centre.

So, what do you need to do to register? It's simple. Register your purchase at www.hiq.co.za, for cover that lasts for two years after the date of purchase. In the event of tyre damage, claim your TyreSurance from any Hi-Q dealer in the country at least 30 days from the date of the incident.

This revolutionary benefit is applicable to tyres purchased for any passenger vehicle, SUV and 4X4 tyres from a Hi-Q TyreSurance Approved Dealer, no matter the brand.

To have this peace of mind, the only question left to ask is, "Why would you buy your tyres anywhere else?"

FREE
TyreSurance
ON EVERY PASSENGER, SUV AND 4X4 TYRE.*
